Minutes

President Bob Herrin, KE4JLL called the meeting to order at 7:29pm with the introduction of the 20 members and guests present.

Communications from Secretary:

ARC received a new Special Service Club Award Certificate from ARRL.
Minutes of last meeting were distributed via ARC list-serve
Upcoming hamfests were announced

Ed, N4ZRA, summarized the numerous drills and communications events during July. It was a busy month.

Bob, KE4JLL, updated the club on the ARC logo controversy with the UGA athletic foundation. For now the "G" has been removed. Some negotiations continue.

Steve, KT4Q, reported the balance in the treasury was currently \$284.04. More funds are needed to pay current bills outstanding.

Ed, N4ZRA, announced a emergency simulation drill scheduled October 1,2. Also a MOA with UGA is being worked out for a digipeater to be installed there.

Ed, N4ALE, reported from the last ARC VE session that one person took and passed the Technician exam.

Edwin, N4VHA, reported that factory representatives from MetCal will present a program on soldering at the September meeting.

Program:

Erwin, KG4WGZ, reporting for KJ4EX who could not attend due to recent illness, on this year's field day events. Basically, it was very successful and several emergency and government figures visited one or more of the 3 sites. Many expressed enjoyment at this years field day in spite of the rain. Many thanks to Erwin for spearheading the event this year. Ian, W4AFA, reported that he had contacted East side Wal-Mart management and they would consider allowing ARC to conduct field day from their property next year.

Meeting adjourned at 8:16pm

A meeting of the Executive Committee followed.
